Assistant Commissioner for Patents  
Washington, D.C. 20231

Pursuant to the duty of disclosure as set forth in 37 C.F.R. §1.56, §1.97 and §1.98, applicants hereby disclose publications known to them which may be material to the patentability of this invention. The publications are listed on the attached Form PTO-1449, and copies are enclosed. Kindly acknowledge receipt of this Statement and make the cited references of record in the subject application.

Submission of these publications does not constitute an admission that any are "prior art" under 35 U.S.C. §102 or §103, and applicants specifically reserve the right to antedate any such material as by a showing under 37 C.F.R. §1.131 or other method. Applicants submit that the claims of the above-captioned application are directed to subject matter that is patentably distinct from the disclosures of the above-cited references.

To applicants' knowledge, no office action on the merits has been mailed in the subject application. Thus, no fee is due for the filing of this information disclosure statement. However, should it be determined that a fee is necessary, applicants authorize the Commissioner to charge Applicants' deposit account no. 09-0089 in an amount necessary to permit consideration of this information disclosure statement.

Respectfully submitted,
